

ABSTRACT OF THE DISCLOSURE

1  
2 Disclosed is a composition of white, green and yellow teas, in a preferred weight  
3 proportion of about 5:3:2 which has surprising ability to prevent damage caused by  
4 ultraviolet radiation as well as being a strikingly effective antioxidant. The mixed  
5 tea blend is useful in topical cosmetics or dermatologics, in beverage preparation  
6 and as a foodstuffs ingredient.
